

FIESTA DEL NORTE AT HASA'S PITTSBURG, CA FACILITY

9/24/05

Lisa Johnson, HASA General Manager, Pittsburg, CA; Dave Johnson, Environmental Health and Safety Director HASA Inc, (standing) with Sheila Bradshaw and Bill Lewellyn, proud members all of the HASA team

HASA, INC. has been keeping water safe and clean for over 40 years. The California based company is a manufacturing and distribution company, primarily engaged in the production, sale, and distribution of sodium hypochlorite and related products to the industrial, water treatment and swimming pool markets.

HASA's facility at 1251 Loveridge Road in Pittsburg, CA recently played host to customers, distributors, suppliers and their families at *Fiesta del Norte*. Guided plant tours, great food, music, dancing and camaraderie made for a most enjoyable evening. Our thanks go out to HASA's General Manager Lisa Johnson for making CICC a part of the festivities.

“HASA is **family** owned and operated, with an “old school” approach to dealing with people face to face. Under the leadership of Founder/CEO Don Wilson and President Mark Wilson, HASA has developed a growth oriented with four state-of-the-art facilities in the western United States, including the newest facility in southern Washington. **HASA** takes great **pride** in the business to which they have dedicated themselves for almost half a century; and they credit their customers with having played a vital part in their success. HASA strives to make every customer a part of their team. CICC salutes HASA, Inc.

“HASA IS SMALL ENOUGH TO KNOW YOU AND LARGE ENOUGH TO SERVE YOU!!!”

FIESTA DEL NORTE AT HASA'S PITTSBURG, CA FACILITY

HASA has over 40 years experience supplying sodium hypochlorite and other products to the water treatment and swimming pool industries.

Music by *Fort Worth West* fills the evening air to light up the *FIESTA*

Guests Mike Gaines & Wendy Hall (above) from Univar enjoy the festivities

Plenty of delicious BBQ and fine country music for everyone, of all ages
